### Adding Itemization Pages

After filling out the first page of the C&E form, you can add itemization pages that correspond to the transactions you need to itemize. To do this, select the appropriate 'Add' button, as shown to the right.

**IMPORTANT: Itemization pages cannot be deleted, so only add pages that you require for itemization.**

The screenshot shows a blue 'Calculate' button with a calculator icon. To its right is a table titled 'Itemization Pages' with columns 'Add' and 'Total'. The table contains three rows, each with a dollar sign, a blank space, and '0.00'. The first row has a green plus button in the 'Add' column and '0' in the 'Total' column. A tooltip points to the plus button, stating 'Adds an itemization page for individual contributions.' The second row has a green plus button in the 'Add' column and '0' in the 'Total' column. The third row has a green plus button in the 'Add' column and '0' in the 'Total' column.

After confirmation, an itemization page will be added to your report further down the document. **Added pages will appear in an order that corresponds to the list on Section 5 of the first page of the report.** For example, if you add an Expenditure page and then later add an Individual Contribution page, you will find the Individual Contribution page appears above the Expenditure page.

### Calculating Totals

Fill out information relating to your transactions in the itemization page you have added, as shown in the screenshot below.

Contributions – Individuals			
Name	Address (City, State, Zip)	Date	Amount
John Doe	123 Test Street	1/10/24	\$ 125.00

The screenshot shows the 'Calculate' button and the 'Itemization Pages' table. The 'Calculate' button is now highlighted with a mouse cursor. The table shows the same three rows as before, but the first row now has '125.00' in the 'Add' column and '1' in the 'Total' column. The second and third rows remain unchanged.

At any point while filling out itemized transactions, you may calculate the totals by selecting the 'Calculate' button from the first page, as shown at left. The calculation may take a moment, so please be patient!

**IMPORTANT: You must remember to select the 'Calculate' button after finishing with your itemizations, otherwise the totals that display on the first page will be incorrect.**

### Affixing Signatures

After you have filled all required fields, itemized your transactions, and calculated final totals, you can affix an e-signature by selecting the signature fields at the bottom of Page 1 of the form, as shown at right. If you have not previously configured an e-signature, clicking the signature field will also allow you to do that. *Note: Some counties may require you to provide an ink signature instead of an e-signature. If this applies to you, print out your completed C&E form and affix signatures by hand.*

The screenshot shows a signature field and a date field. The signature field is a blue box with a mouse cursor pointing to it. Below it is a grey box with the text 'Unsigned signature field (Click to sign)'. Below that is a date field with the text 'Date'.

With all of that completed, save the PDF. Then, either email the file to your county clerk or print it and mail or hand deliver the physical copy.
